Experience

Full Stack Developer | [Weekend Trendz](#) | weekendtrendz.com

Jul 2021 - March 2022

Designed and developed the e-commerce application of the company from start to finish with utmost **user-happiness**, **security** and **cost-effectiveness** in mind.

Tech Stack: TypeScript, React js, Next js, Node js, Firebase, Python 3, Flask, Pytorch, Styled-components.

- Built a **highly performant** and **interactive** web application that scores **90+/100** on **Google Pagespeed benchmark** to provide the best user experience.
- Strategically designed the entire system to **reduce the development cost by 70%**.
- Developed an **AI Chatbot** using machine learning model to provide **24/7 customer service**.
- Added standard **OAuth authentication system** to ensure **100% security** on the platform.
- Integrated a custom content management system for monitoring sells and orders, **increasing the sales team's productivity by 50%**.
- Designed a **beautiful** and **responsive** user interface on the front-end, resulting in **95+% user satisfaction rate**.
